H. No. 8872

Republic of the Philippines
Congress of the Philippines
Metro Manila
Eighteenth Congress
Third Regular Session

Begun and held in Metro Manila, on Monday, the twenty-sixth day of July, two thousand twenty-one.

[ REPUBLIC ACT NO. 11675 ]

AN ACT RENEWING FOR ANOTHER TWENTY-FIVE (25) YEARS THE FRANCHISE GRANTED TO ODIONGAN TELEPHONE CORPORATION UNDER REPUBLIC ACT NO. 8956, ENTITLED "AN ACT GRANTING THE ODIONGAN TELEPHONE CORPORATION A FRANCHISE TO CONSTRUCT, INSTALL, ESTABLISH, OPERATE AND MAINTAIN LOCAL EXCHANGE NETWORK IN THE PROVINCE OF ROMBLON"

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. Nature and Scope of Franchise. — Subject to the provisions of the Constitution and applicable laws, rules and regulations, the franchise granted to Odiongan Telephone Corporation, hereunder referred to as the Grantee, its successors or assignees, under Republic Act No. 8956, to construct, install, establish, operate and maintain for commercial purposes and in the public interest in the Province of Romblon, wire and wireless telecommunications systems including copper, fiber optics, satellite transmit and receive systems, switches and their value-added
services such as transmission of voice, data, facsimile, control
signs, audio and video, information services and all other
telecommunications system technologies as are present available
or will be made available through technological advances or
innovations in the future; or construct, acquire, lease, and operate,
or manage transmitting and receiving stations, lines, cables, or
systems, as are convenient or essential to efficiently carry out
the purpose of this franchise, is hereby renewed for another
twenty-five (25) years.

SEC. 2. Manner of Operation of Stations or Facilities. —
The stations or facilities of the Grantee shall be constructed and
operated in a manner as will, at most, result only in the minimum
interference on the wavelengths or frequencies of existing stations
or other stations which may be established by law, without in
any way diminishing its own right to use its assigned wavelengths
or frequencies and the quality of transmission or reception thereon
as should maximize rendition of the Grantee’s services or the
availability thereof.

SEC. 3. Authority of the National Telecommunications
Commission. — The Grantee shall secure from the National
Telecommunications Commission (NTC) a Certificate of Public
Convenience and Necessity or the appropriate permits and licenses
for the construction, installation, and operation of its
telecommunications systems or facilities. In issuing the certificate,
the NTC shall have the power to regulate and impose such
conditions relative to the construction, operation, maintenance,
or service level of the telecommunications systems or facilities.
Such certificate shall state the areas covered and the date the
Grantee shall commence the service. The Grantee shall not use
any frequency in the radio spectrum without authorization from
the NTC. The NTC, however, shall not unreasonably withhold or
delay the grant of such authority, permit or license.

In case of any violation of the provisions of this franchise,
the NTC shall have the authority to revoke or suspend, after due
process, the permits or licenses it issued pursuant to the franchise.
The NTC may recommend to Congress the revocation of the
franchise for any violation of the provisions of this franchise.

SEC. 4. Excavation and Restoration Works. — For the
purpose of erecting and maintaining poles or other supports for
said wires or other conductors for the purpose of laying and
maintaining underground wires, cables, or other conductors, it
shall be lawful for the Grantee, its successors or assignees, with
the prior approval of the Department of Public Works and
Highways (DPWH) or the local government unit (LGU) concerned,
as may be appropriate, to make excavations or lay conduits in
any of the public places, roads, highways, streets, lanes, alleys,
avenues, sidewalks, or bridges of the province, cities, or
municipalities: Provided, however, That a public place, road,
highway, street, lane, alley, avenue, sidewalk, or bridge disturbed,
altered or changed by reason of erection of poles or other supports
or the underground laying of wires, other conductors or conduits,
shall be repaired and replaced in workmanlike manner by said
Grantee, its successors or assignees, in accordance with the
standards set by the DPWH or the LGU concerned. Should the
Grantee, its successors or assignees, after the ten (10)-day notice
from the said authority, fail, refuse, or neglect to repair or replace
any part of public place, road, highway, street, lane, alley, avenue,
sidewalk, or bridge altered, changed or disturbed by the said
Grantee, its successors or assignees, then the DPWH or the LGU
concerned shall have the right to have the same repaired and
placed in good order and condition, and charge the Grantee, its
successors or assignees at double the amount of the costs and
expenses for such repair or replacement.

SEC. 5. Responsibility to the Public. — The Grantee shall
conform to the ethics of honest enterprise and not use its stations
or facilities for obscene or indecent transmission, or for
dissemination of deliberately false information, or willful
misrepresentation, or assist in subversive or treasonable acts.

The Grantee shall operate and maintain all its stations,
lines, cables, systems, and equipment for the transmission and
reception of messages, signals, and pulses in a satisfactory
manner at all times, and as far as economical and practicable,
modify, improve, or change such stations, lines, cables, systems,
and equipment to keep abreast with the advances in science
and technology.
The Grantee shall improve and extend its services in areas not yet served, and in hazard- and typhoon-prone areas that shall be determined by the National Disaster Risk Reduction and Management Council, or its legal successor, in coordination with the NTC.

The Grantee shall also improve and upgrade its equipment, facilities, and services, in order to ensure effective compliance with the objectives of Republic Act No. 10639 or “The Free Mobile Disaster Alerts Act”.

SEC. 6. Rates for Services. — The charges and rates for telecommunications services of the Grantee, except the rates and charges on those that may hereafter be declared or considered as nonregulated services, whether flat rates or measured rates or variations thereof, shall be subject to the approval of the NTC or its legal successor. The rates to be charged by the Grantee shall be unbundled, separable, and distinct among the services offered and shall be determined in such a manner that regulated services do not subsidize the unregulated ones.

SEC. 7. Right of the Government. — The radio spectrum is a finite resource that is part of the national patrimony and the use thereof is a privilege conferred upon the Grantee by the State and may be withdrawn any time after due process.

A special right is hereby reserved to the President of the Philippines, in times of war, rebellion, public peril, calamity, emergency, disaster, or disturbance of peace and order: to temporarily take over and operate the stations, transmitters, facilities, or equipment of the Grantee; to temporarily suspend the operation of any station, transmitter, facility, or equipment in the interest of public safety, security, and public welfare; or to authorize the temporary use and operation thereof by any agency of the government, upon due compensation to the Grantee for the use of the stations, transmitters, facilities, or equipment during the period when these shall be so operated.

SEC. 8. Term of Franchise. — This franchise shall be in effect for a period of twenty-five (25) years from the date of the effectiveness of this Act, unless sooner cancelled. This franchise shall be deemed ipso facto revoked in the event the Grantee fails to operate continuously for two (2) years.

SEC. 9. Right of Interconnection. — The Grantee is hereby authorized to connect or demand connection of its telecommunications systems to other telecommunications systems installed, operated, and maintained by any other duly authorized person or entity in the Philippines for the purpose of providing extended and improved telecommunications services to the public, under the terms and conditions mutually agreed upon by the parties concerned. This right shall be subject to the review and modification of the NTC.

SEC. 10. Warranty in Favor of the National and Local Governments. — The Grantee shall hold the national, provincial, city, and municipal governments of the Philippines free from all claims, liabilities, accounts, demands, or actions arising out of accidents causing injury to persons or damage to properties, during the construction or operation of the stations, transmitters, facilities, or equipment of the Grantee.

SEC. 11. Sale, Lease, Transfer, Grant of Usufruct, or Assignment of Franchise. — The Grantee shall not sell, lease, transfer, grant the usufruct of, nor assign this franchise or the rights and privileges acquired thereunder to any person, firm, company, corporation, or other commercial or legal entity, nor merge with any other corporation or entity, nor shall the controlling interest of the Grantee be transferred, simultaneously or contemporaneously, to any person, firm, company, corporation, or entity without the prior approval of Congress. The Grantee shall inform Congress, through the Office of the Speaker and the Office of the Senate President, of any sale, lease, transfer, grant of usufruct, or assignment of franchise or the rights and privileges acquired thereunder, or of the merger or transfer of the controlling interest of the Grantee, within sixty (60) days after the completion of the said transaction. Failure to report to Congress such change of ownership shall render the franchise ipso facto revoked. Any person or entity to which this franchise is sold, transferred, or
assigned shall be subject to the same conditions, terms, restrictions, and limitations of this Act.

SEC. 12. Dispersal of Ownership. — In accordance with the constitutional provision to encourage public participation in public utilities, the Grantee shall offer to Filipino citizens at least thirty percent (30%) of its outstanding capital stocks, or a higher percentage that may hereafter be provided by law, in any securities exchange in the Philippines within five (5) years from the effectivity of this Act: Provided, That in cases where public offer of shares is not applicable, other methods of encouraging public participation by citizens and corporations operating public utilities must be implemented. Noncompliance therewith shall render the franchise ipso facto revoked.

SEC. 13. Commitment to Provide and Promote the Creation of Employment Opportunities. — The Grantee shall create employment opportunities and accept on-the-job trainees in its franchise operations: Provided, That priority shall be accorded to the residents of the place where the principal office of the Grantee is located: Provided, further, That the Grantee shall comply with the applicable labor standards and allowance entitlement under existing labor laws, rules and regulations, and similar issuances.

The employment opportunities or jobs created shall be reflected in the General Information Sheet (GIS) to be submitted to the Securities and Exchange Commission (SEC) annually.

SEC. 14. Reportorial Requirement. — The Grantee shall submit an annual report on its compliance with the terms and conditions of the franchise and on its operations to the Congress of the Philippines, through the Committee on Legislative Franchises of the House of Representatives and the Committee on Public Services of the Senate, on or before April 30 of every year during the term of its franchise.

The annual report shall include an update on the commencement of activities, development, operation, or expansion of business; audited financial statements; latest GIS officially submitted to the SEC, if applicable; certification of the NTC on the status of its permits and operations; and an update on the dispersal of ownership undertaking, if applicable.

The reportorial compliance certificate issued by Congress shall be required before any application for permit or certificate is accepted by the NTC.

SEC. 15. Fine. — Failure of the Grantee to submit the requisite annual report to Congress shall be penalized with a fine in the amount of One million pesos (P1,000,000.00) for each working day of noncompliance, the effectivity of which shall commence upon applicability with other telecommunications franchise grantees: Provided, That in the interim, the Grantee shall be liable to pay the fine of Five hundred pesos (P500.00) per working day of noncompliance to the NTC. The fine shall be collected separately from the reportorial penalties imposed by the NTC, and it shall be remitted to the Bureau of the Treasury.

SEC. 16. Equality Clause. — Any advantage, favor, privilege, exemption, or immunity granted under existing franchises, or which may hereafter be granted for telecommunications, upon prior review and approval of Congress, shall become part of this franchise and shall be accorded immediately and unconditionally to the herein Grantee: Provided, however, That the foregoing shall neither apply to nor affect the provisions of telecommunications franchises concerning territory covered by the franchise, the life span of the franchise, or the type of service authorized by the franchise.

SEC. 17. Repealability and Nonexclusivity Clause. — This franchise shall be subject to amendment, alteration, or repeal by Congress when the public interest so requires and shall not be interpreted as an exclusive grant of the privileges herein provided for.

SEC. 18. Separability Clause. — If any of the sections or provisions of this Act is held invalid, all other provisions not affected thereby shall remain valid.

SEC. 19. Repealing Clause. — All laws, decrees, orders, resolutions, instructions, rules and regulations, and other
issuances or parts thereof which are inconsistent with the provisions of this Act are hereby repealed, amended, or modified accordingly.

SEC. 20. Effectivity. — This Act shall take effect fifteen (15) days after its publication in the Official Gazette or in a newspaper of general circulation.
